

```
1 // Your code here.
2 function range(start, end, step) {
3   let array = [];
4   if (start < end) {
5     for (let i = start; i < end + 1; i += step) array.push(i);
6   } else if (start > end) {
7     for (let i = start; i >= end; i += step) array.push(i);
8   }
9   return array;
10 }
11 function sum(arr) {
12   let toplam = 0;
13   for (let i of arr) {
14     toplam += i;
15   }
16   return toplam;
17 }
18
19
20
21 console.log(range(1, 10, 1));
22 // → [1, 2, 3, 4, 5, 6, 7, 8, 9, 10]
23 console.log(range(5, 2, -1));
24 // → [5, 4, 3, 2]
25 console.log(sum(range(1, 10, 1)));
26 // → 55
```

[1, 2, 3, 4, 5, 6, 7, 8, 9, 10]

[5, 4, 3, 2]

55
